The Palestinian NGO Portal **MASADER**

Established by the NGO Development Center (NDC), the Palestinian NGO Portal (Masader) is the first and unprecedented NGO Portal in Palestine and in the Arab world. Masader specializes in serving and empowering the NGO sector in terms of assisting NGOs in overcoming geographic limitations and providing them with opportunities for communicating amongst each other and among other relevant parties. Through Masader, member NGOs are able to publish and exchange their achievements (e.g. projects, studies, research, proposals, administrative and financial reports, etc.). Moreover, Masader exists as a current and concise resource for governmental, private, academic, and media institutions; assisting them to operate with a higher level of accuracy and professionalism. Finally, Masader provides donors, whether individuals or institutions, with the needed information in making funding decisions.
